

## Guidance for order (2026-04)

All orders should contain the Top Pol project number.

For projects accepted since February 2023, the individual project number is located above the table containing the colors in the file.

For older projects, the number is included in the project file name. See below for more detailed instructions on how to find the number:

USED COLOURS

Cyan Magenta Yellow Black

The digital proof is a simulation of colours on final printout. The colors may be slightly differ on the final printout due to the difference between substrates (especially on transparent material with white undercoat). The basis of the approval of Pantone colors is digital Pantone® color guide. Please check carefully graphic, all content and colors.
